2.2 Late Assignments

Assignments are due at 11:59pm on the listed due date. You will be permitted a total of five late days over the course of the summer quarter (measured in periods of 24 hours); beyond this total, late assignments will lose 20% credit per day.

2.3 Textbook

CS 148 has an optional textbook, entitled Fundamentals of Computer Graphics by Peter Shirley et al. (3rd edition). We will be using our own assignments and lecture materials, but the text contains many implementation and mathematical details that we may not be able to cover in our fast-paced lecture schedule.
