

Photography Expert Annotations

For each image, please freeform draw a set of lines that describe the composition of the physical elements of the image.

1. Can you explain why you picked these lines? What features are you emphasizing?

For each image, given this set of lines, please select the subset of lines that describe the composition of the image.

2. Can you explain why you picked these lines? What features are you emphasizing? Are there any missing from your freeform drawing that you think are essential?
