CSI 1

The evaluation you're about to perform is a technique developed by Erin Cherry and Celine Latulipe at UNC to assess the relative importance of six factors in determining the

ability of the tool to support your creative process while performing a task that you recently completed.

There will be two sets of questions for each of the six factors (twelve in total).

I became so absorbed in the activity that I forgot about the tool that I was using.

I enjoyed using the tool.

The tool was helpful in allowing me to track different ideas, outcomes, or possibilities.

It was really easy to share ideas and designs with other people inside this tool.

What I was able to produce was worth the effort I had to exert to produce it.

The tool allowed me to be very expressive.
