Homework 0: Math Review

Stanford University
Due Monday, April 6, 3:30pm (in class)

This homework is designed to help students in CS 205A review the basic mathematics that we will be using for the rest of the course. Make sure you are 100% confident in your solution to each problem: We will use these techniques repeatedly for the rest of the course! Depending on your background, you may not have seen some of these topics; make ample use of office hours and section to help fill any gaps in your knowledge or understanding.

Textbook problems: 1.5, 1.7, 1.9, 1.10, 1.15 (20 points each)
Extra credit: 1.13 (5 points)
